ABOUT US

With more than 20 years of experience in the sector, our company exports disposable food containers, plates and cutlery products that are produced in our own plants to many countries around the world especially in Europe.

From the very first day of our foundation, we serve our valuable business partners with creativity, responsibility and reliability. By keeping track of developing technology, we provide optimum business solutions to our customers.

Thanks to the permanent business partnerships with our valued customers, we continue to work with the satisfaction of our rapid growth.

Vision:

Taking place in the leading positions of the sector by using developing technology and taking place in new markets by increasing our product range, according to the needs of our customers.

Mission:

Our priority is to take place as a global company which is sensitive to the environment, contributing to the our country's economy with its innovative and high quality products.
